Dear Sue,
 what we've been through in one short year! I'm so glad we
 had P.E. together this year 'cos then at least I could see
 you everyday instead of taking the chance of seeing you in the
 hall.

I truly hope you enjoyed NTW, what with your involvement
 and enthusiasm you really gave of yourself constantly and that's
 important. Continue on in the same manner and good luck.

Must we always teach our children with books?
 Let them look at the mountains and
 the stars up above.
 Let them look at the beauty of the waters and
 the trees and flowers on earth.
 They will then begin to think, and
 to think is the beginning of real education.

The freshman child, oh so shy,
silently longs for the sophomore guy
But a sophomore guy, head in a whirl,
merely stares at a junior girl.
But a junior girl, in a sedan,
boldly chooses the senior man.
But the senior man, handsome 'n wild,
secretly loves the freshman child.

DOWNSTATE

IN '78

Hold fast to dreams,
for if dreams die,
life is a
broken-winged bird
that
cannot fly.

Come mothers and fathers throughout the land
And don't criticize what you can't understand.
Your sons and your daughters are beyond your command;
Your old road is rapidly agin'.
Please get out of the new if you can't lend a hand
For the times they are a-changing.

N.T.W. social life is a cycle.

Beginning You hear of a party. (proper name for these parties is Stand-In) You go

Middle You stand. You look over the shoulder of the person you're talking to to see if there is anyone better behind him/her. There never is. You move. You go and stare over someone else's shoulder while talking. (This occurs from 0-2 times a night depending on the standee).

End The Police come. Stand-In is over. "Damn, and I was having such a good time!"

To know that we know what we know,
and that we do not know what we do not know,
that is true knowledge.

Gonna say good-bye to all the boys'
 Gonna go out again
 See what's happening outside here
 'Cause staying's come to an end.
 There's a whole new world waiting for me.
 The past will soon be dead;
 But I'll begin just like before;
 New days lie ahead.
 Winter ends while summer starts,
 Night replaced by day.
 Time continues with new divisions,
 The price we have to pay.
 Yet the doors are open, walk right in
 Just as the poet said;
 All we do is choose the path
 'Cause new days lie ahead.
 We'll meet new folks, make new friends,
 Change our simple life.
 A planless future waits afront
 A small distance from our sight.
 Soon we'll reach and catch the top;
 A life that can be led
 With time and riches for the taking;
 New days lie ahead.
 So we'll go out gracefully, a smile on our
 face,
 One more aim to hit,
 We can shape our humble souls
 If we work and never quit.
 For expectations are our goal,
 Desires we will wed
 On top of dreams with future ties
 'Cause new days lie ahead.

I am an invisible man.
No, I am not a spook like those who haunted
Edgar Allan Poe; nor am I one of your
Hollywood-movie ectoplasms. I am a man of
substance, of flesh and bone, fiber and liq-
uids — and I might even be said to possess a
mind.

I am invisible, understand, simply because
people refuse to see me.

Colors,
bright and dull,
happy and sad,
exciting and boring,
sometimes needing another
and sometimes needing none.

Colors,
living,
dying,
individual;
sometimes pretty,
and often ugly;
some are intellectual,
and some simple;
many are new,
and many are old.

Colors,
they seem to
remind me
of people.

It is a huge, forbidding space with countless corridors and myriads of people.

Far away there in the sunshine are
my highest aspirations. I may not
reach them, but I can look up to
their beauty, believe in them, and
try to follow where they lead.

What do approximately 3000 over-worked students do after hours? Everything and anything from writing articles for the school paper to visiting various countries while remaining in a classroom, to spending hours arguing controversial issues, to giving a cheer, singing a song, playing games or participating in sports. New Trier offers untold numbers of extracurricular activities for students of varying personalities.

AFS members spend much of their time eating. Between the Epicurean Episodes, the international pot-luck dinner, and the ever-popular candy bar sale, no one ever goes hungry. To work off all the food, they plan the annual Valentine's Day Dance. Mostly, however, AFS explores the lifestyles of teens in foreign countries. The peak of excitement is the fabulous AFS weekend, when selected students offer their homes to AFS members from foreign countries. Those days are filled with sightseeing, talking, eating, (of course!) and partying. And after it's all over, the good friends and memories made will last forever.

If you're extremely intellectual and full of excess energy, this is the place for you. SPORTS

Sports are an integral part of the NT-W experience. Whether a student is spectacular on the field or simply chooses to spectate, the sports program provides entertainment, an opportunity to meet others, and is a growing experience for all. The enthusiasm of NT-W fans makes the athletes' hard work, sweat and pain all worthwhile.

FOOTBALL

For the first time in five years, the New Trier West Cowboys had a winning season! What some of the players lacked in size, they made up for in enthusiasm and skill. Every day we push ourselves beyond all levels of imaginable pain;

Some people think we're really insane.

GOLF

We 'swingers' played 'par for the course' this year but were a little 'teed-off' at losing the state finals. Although our team 'putter (ed)' around a bit at the beginning, we managed to 'iron' out the 'hole' act, and 'drive' ourselves to a fevered 'pitch' toward the end of the season. Life is 'rough', but we see 'greener' fields for next year.

TENNIS

The girls swung into season with the style and grace of Chrissy Evert and Billy Jean King. The matches were tough but the outcome was well worth the effort. Success. While creating quite a racquet, the New Trier West Girl's Tennis team placed third in the district matches. What a season . . . what a match . . . what a team!

FIELD HOCKEY

The best way to get ready for a state tournament is to practice under the new school lights while Marshall Tucker plays over the loud speaker. With all the injuries throughout the season, none of us thought we'd make it to the finals. The sectional game against East was definitely the highlight of the season. Our total team effort carried us through the year and, even though we didn't pull through as state champions, second in state isn't so bad

LACROSSE

Lacrosse is a game of ball played by 2 teams of ten players who strive to send the ball through a goal by means of long handled racquets. Lacrosse is one of the most highly skilled, yet under-rated sports at NT-W. The sport is exciting to watch and even more fun to play.

RUGBY

Rugby, "A ruffian's game played by gentlemen." Gentlemen who love to break faces and trample bodies, but still gentlemen. Gruelling pain, blood and sweat, necessary by-products of this war-like game, add to the fun and rewards.

GIRLS' TRACK

In the distance is heard, "Runners, take your marks; get set; GO" as a penetrating gunshot fires. New Trier West's girls track team is off and running. The fans turn their heads in amazement as a long distance runner sweats out her final lap, a sprinter flies by faster than lightning, a high jumper clears an unbelievable height and a long jumper breaks her own record. The pain and time these athletes put into their sport is worth it in the self-gratifying end.

BOYS' TENNIS

Tennis is a racket game of ups and downs, backs and forths. It is a game of individual competition as well as a team effort. The game can be slow and leisurely or, more often, very fast and competitive. Tennis is one of the world's most popular sports. It is the only game where one can be sure to lose in love!

GIRLS' SOFTBALL

"There's no plate like home when you're in a real bind," chants the girl's softball team with "WIN" on their minds! The hitter swings low, barely skimming the ground, while the outfield is hustling as the ball can't be found. No one sits still, for her nerves cannot rest. And the obvious winner is the invincible New Trier West!

PERFORMING ARTS

I've always wanted to be a performer. Who can but admire these unique NT-W individuals willing to leave their inhibitions in a closet and perform. Think of it . . . you're on stage, the lights grow dim, the audience quiets down. Then the magic starts. Whether it be a serious play, a hilarious musical or a Mozart Concerto a more exhilarating high is hard to find.

POTPOURRI

What if . . .

the future broadway stars
got together, worked dilligently for six weeks
and had a great time while doing so?

What if

there was a spectacular production which was
as much fun to watch as it was to perform?

What if . . .

this show was a bit of everything,
a little song, a little dance, a little acting
and a lot of talent.

What if? . . . You'd have Potpourri.

Dear Sue,

It is kind of sad for me to write in
the book because that means the end of
my HFS years. It was really great experience
for me to be in New Trier for a year
you've been one of my best friends, and
I could talk to you about everything
(I think because you are from Germany
and we have a lot of things in common)
I hope we'll keep in touch and meet
each other sometimes, somewhere
I wish you good luck in the
future

THE CLASS OF '78

Whatever happened to The Archies,
Pebbles, Bam-Bam, and Beaver
Cleaver? They've all grown up . . .
and so have we. We've been here four
years and what do we have to show for
it? Numerous friends, goals, the wis-
dom that comes with age. We've seen
presidents come and go . . . The old
generation is slowly descending with
none to turn to but us. What is it that's
different this year — the classes? . . .
The parties?
The school? No, us.
Senior year.
Once out of the frying pan and into the
fire?

COMMUNITY

Where can one be an individual?
Where can one learn what she wants to learn?
Where can one get an education
without receiving a letter grade?
Where can one run up and down the stairs and
get gym credit?

Only in an educational microcosm called
Community. Community encourages individu-
als to pursue their own interests; it is not a
congregation of hippy freaks or an escape
from reality; community is an effective method
of making learning interesting.

Junior Year

Junior year is similar to taking a survival test. If your self-defense mechanisms are intact, chances are you can get through the pressure of college testing with little or no psychological damage. You are no longer a naive frosh or soph, but a naive junior who joins numerous clubs so that colleges will find you exciting. As a mature teen-ager you are now given the chance to destroy the family car. One must make earth-shattering decisions that eventually turn out to be not so earth-shattering! What a busy social life, always on the go, realizing in the end that this paradise is almost over!

Aimlessly we searched . . . For what?
At the time we didn't really know.
Who were we and
where did we stand in this school?
Time passes and
finally we knew what we were
looking for . . . an identity.
Now our spirits are high
for we know who we are.
We are proud . . .
We are sophomores.

Sue -
 This year is almost over
 it doesn't seem possible
 does it? Best of Luck
 Now and always -
 Love -
 Kim

Dear Sue,
 I'm glad we were finally
 on a class board
 advisory together.
 Deborah is about to
 start, so I've got to go.
 Have a great
 summer.
 Love,
 Amy

We would like to express our thanks to Sanford Studios, Hunter Publishing Company, Morris Ferensen, Emerson, Lake and Palmer, David Polis, Bob Dylan, Henry D. Thoreau, Langston Hughes, Ralph Ellison, the anonymous and unknown artists, Kathy Pottinger and the numerous people who helped make this year's Vestiges possible.

Dear Sue,
 Thanks for your
 help in pinmaking
 It was a true pleasure
 being in class with you.
 I'm sure you'll have a
 fun summer!
 Love
 Maria!

Dearest Sue,
 It was a blast
 joking around with
 you in consumer.
 Have a good life
 in the Hotel Business
 Love
 Rick

Love Suzanne,
 See, I still remember some
 German even though I told Nylant
 what I thought of him. I hope
 you had a great senior year —
 I didn't get to talk to you much.
 Congratulations on your graduation!
 I hope you have a wonderful summer.
 I'll see you. Good luck next year.
 Love,
 Steve.

Suzanne—
 I'm so glad you
 came and joined our
 advisory! Your
 support and encouragement
 of all the drama & music
 & dance productions has
 been deeply appreciated by
 by me and others. You'll
 do well in the world, Sue,
 you make others happy
 and have the ability to
 fulfill your own goals.
 Best of luck and
 see you soon!

Anne Bradner

Dear Sue
 I'm really glad
 that I got to know
 you this year —
 you're really a
 great girl &
 accounting was

 Love
 Whaver
 (Lilapua)

Sue - Well now that we're seniors...
 Well now that schools out...
 Well... HAVE A GOOD SUMMER
 & GOOD LUCK IN

Stephanie
 Meamer

It was great
 knowing you -
 I will probably
 see you
 again after

 so have
 a great
 future.
 Love
 Gonne
 (1828-521)

Dear Sue,
 Hi, Remember me?
 I'm the cute little person
 who used to scream out
 your name when ever I
 saw you. It was really
 great seeing you this year.
 Spending 1 or 2 free periods
 with you was interesting (notice
 I didn't say fun or anything)
 I hope to see you next year!
 You're such a good artist.
 (except when you try to do
 something) Good luck.
 Sorry about being sort of
 bothersome

enny
